
CONTENTS

Section 1 Botany

Aimenova Zh.E., Digel I.E., Eshibaev A.A.

Dynamics of accumulation of lagochirzin in *Lagochilus setulosus* phytomass during the growing season and also features of its cultivation in the conditions of a typical sierozem 4

Ametov A.A., Mukhitdinov N.M., Abidkulova K.T., Karasholakova L.N., Ydyrys A.

Characteristics of plant communities with *Lonicera iliensis* Pojark. in the middle flow of the river ili 12

Muzychkina R.A., Kurbatova N.V., Korulkin D.Yu.

Component composition and biological activity of polyphenolic metabolites of *Rumex tianschanicus* A. Los 22

Darbaeva T.E., Alzhanova B.C., Bokhorova S.N., Chukalina O.N.

The historical analysis of flora on the floodplain forests in the basin of the river Ural within the West Kazakhstan area 32

Section 2 Zoology

Akoev M.T., Kenzhegaliev A.M., Esenbekova P.A.

Dendrobionts bedbags (Heteroptera, Pentatomidae) of the especially protected natural territories of the South-East Kazakhstan 42

Section 3 Plants Physiology And Biochemistry

Aytasheva Z.G., Baiseitova S.K., Zhumabayeva B.A., Dzhangalina E.D., Baqytbek Zh.

University common bean collection and its amino acid composition in seeds 52

Bulatova K.M., Yusaeva D.A., Gavrilova O.A., Mazkirat Sh.

Characterization of sunflower inbred lines collections on seeds quality traits and elements of productivity 62

Section 4 Human and Animal Physiology

Atanbaeva G.K., Kenzhebek R.B., Toleuhanov S.T., Abdreshov S.N., Mautenbaev A.A., Daulet G.

Researching of the effect of cadmium, lead, zinc salts to the blood cells of rats 76

Section 5 Molecular biology and Genetics

Nijazova R.E., Atambaeva Sh.A., Pinskij I.V., Ivashhenko A.T., Labejt Z.B.

MicroRNA and genes associated with arterial hypertension 86

Nijazova R.E., Pinskij I.V., Atambaeva Sh.A., Pyrkova A.Ju., Ivashhenko A.T., Labejt Z.B.

microRNAs and genes associated with the development of atherosclerosis 100

Section 6 Microbiology

<i>Kirbayeva D.K., Sadvakasova A.K., Akmuhanova N.R., Zayadan B.K., Seysetayeva T.N., Ersin M.K., Kultaeva A.T.</i> Influence of biomass of the mixed cultures of <i>Chlorella</i> as biological active additive on the growth of cells of microorganisms.....	116
<i>Taranov D.S., Bulatov Ye.A., Zhugunissov K.D., Yershebulov Z.D., Kondibaeva Zh.B., Amanova Zh.T., Abduraimov Ye.O., Khirullin B.M.</i> Field trial of an inactivated animal rabies vaccine immunogenicity	127
