
CONTENTS

Section 1

Zoology

<i>Bulekbayeva L.T.</i> New methods in parasitology exploration of doves.....	4
<i>Tarassovskaya N.E.</i> The influence of interspecific relationships to the helminthes' quantity in moor frog	12
<i>Tarassovskaya N.E.</i> Interspecific interaction between nematodes <i>Rhabdias bufonis</i> and <i>Oswaldocruzia filiformis</i> in moor frog from flood-land landscapes of Irtysh river.....	24

Section 2

Plants Physiology And Biochemistry

<i>Kolumbayeva S.Zh., Kairat B.K., Orazova S., Lovinskaya A.V., Shalakhmetova T.M., Biyasheva Z.M.</i> Effect of bioactive substances from <i>Limonium gmelinii</i> (Plumbaginaceae) and <i>Inula britannica</i> L. (Compositae) on anti-oxidative status of barley seedlings at asymmetric dymethylhydrazine effects	38
--	----

Section 3

Molecular biology and Genetics

<i>Baikoshkarova S.B., Sabyrbek Zh.B., Sadybekova L.S., Mahambetova A.M., Umorbekova G.A., Kurmanaliyeva N.G.</i> Preimplantation genetic diagnosis of human triploid embryos in art programs	50
<i>Baikoshkarova S.B., Sabyrbek Zh.B., Sadybekova L.S., Mahambetova A.M., Umorbekova G.A., Kurmanaliyeva N.G.</i> Morphological characteristics of early embryogenesis of human triploid embryos.....	58
<i>Kalimagambetov A.M., Valyaeva M.I., Isabek A.U., Rakisheva Z.B., Beysembaeva Sh.A., Sadueva K.A., Dauletbaeva S.B.</i> Influence of folate cycle genes polymorphism on pregnancy complications in women of kazakh ethnic group.....	66
<i>Kalimagambetov A.M., Valyaeva M.I., Isabek A.U., Rakisheva Z.B., Beysembaeva Sh.A., Sadueva K.A., Dauletbaeva S.B.</i> Influence of trombofily genes of the krove coulding system in women with complications of pregnan-cy of the kazakh ethnic group	76
<i>Kolumbayeva S.Zh., Lovinskaya A.V., Akhtaeva N.Z., Litvinenko Iu.A., Voronova N., Iliiasova A.I., Alikul A.</i> Toxic and mutagenic effect of biologically active substances from <i>Inula britannica</i> L. (family Compositae)	86

Section 4

Microbiology

<i>Akylbayeva K.K., Shynybekova G.O., Tlenchiyeva T.M., Sultankulova K.T., Sandybaev N.T.</i> Laboratory diagnosis of influenza types A and B by PCR.....	100
<i>Bolatkhan K., Kopecky J., Zhambakin K.Zh., Los D.A., Sinetova M.A., Akmukhanova N.R., Sadvakasova A.K., Zayadan B.K.</i> Isolation and identification of new cultures of toxin-forming cyanobacteria from the Shar Nuur Lake.....	110
<i>Shemshura O.N., Seitbattalova A.I., Bekmahanova N.E., Ismailova E.T., Kaptagai R.J.</i> Components of the flavonoid nature of plants of the family <i>Lamiaceae</i> Lindl., having fungicidal activi-ty against the phytopathogens of tomatoes and soybean.....	120
